

SAJID MEHMOOD

CCNA-CERTIFIED IT SUPPORT ENGINEER

Doha, Qatar | +974 6696 9598 | sajiditeech@gmail.com www.sajidmk.com |
linkedin.com/in/imsajid-mehmood-1b3954333

PROFESSIONAL SUMMARY

CCNA-certified IT Support Engineer with 4+ years of experience across aviation, healthcare, telecom and government sectors in Qatar and the UAE. Delivers Level 1 & 2 support, enterprise network troubleshooting and infrastructure deployment with a consistent 95% SLA compliance record. Based in Doha with a transferable Qatar residence visa (no NOC required) — available for immediate joining.

CORE COMPETENCIES

Windows 10/11 & macOS • Active Directory & Microsoft 365 • LAN / WAN / Wi-Fi Networking • Cisco IOS & TCP/IP
System Reimaging & OS Deployment • Hardware & Network Troubleshooting • IT Asset Management
EMR & POS Systems • Odoo ERP • Endpoint & Network Security • ITSM Ticketing (ManageEngine)

PROFESSIONAL EXPERIENCE

IT Executive & Business Development Intern

May 2025 – Aug 2025

Al Tawkel Immigration Center — Dubai, UAE

- Delivered Level 2 IT support: hardware repairs, system reimaging, network troubleshooting and Office 365 configuration for all staff.
- Installed and configured enterprise infrastructure — servers, LAN networks and multi-function printers.
- Built a digital IT asset registry from scratch, eliminating equipment discrepancies; liaised with government authorities on visa and credential-recovery workflows.

IT Support Engineer

Nov 2023 – Feb 2024

Military Medical City Hospital (MMCH) — Doha, Qatar

- Managed 500+ support tickets across three hospital sites, maintaining 95% SLA compliance and zero EMR downtime.
- Deployed systems and network devices for 300+ medical staff; built a structured server-room asset inventory.
- Supported Military Medical City Hospital, Korean Medical Center (Lusail) and The View Hospital — coordinating EMR uptime, escalations and asset audits across all three sites.

IT Support Engineer

Feb 2022 – Nov 2023

Star Link – Power International Holding — Doha, Qatar

- Provided dedicated executive IT support at PIH Head Office and led IT operations for the Hamad International Airport (HIA) Expansion Project across two phases, plus POS deployments for Aura Group and 25 workstations for UCC Saudi Arabia.
- Led a 4-day incident response to a server cyberattack during FIFA World Cup 2022 with zero data loss; cut equipment loss 10–20% via new asset-tracking protocols.

Customer Service Agent

May 2021 – Feb 2022

STARLINK (Ooredoo International Telecommunications) — Qatar

- Resolved high-volume technical and billing queries across Ooredoo product lines with above-target first-call resolution, logging every interaction in CRM for accurate case history.

KEY ACHIEVEMENTS

- FIFA World Cup 2022 Cyber Attack Response — led a 4-day incident response to an active cyber attack on PIH servers with zero permanent data loss.
- Emergency UPS Replacement (HIA Project) — independently sourced and deployed a replacement UPS during heavy rainfall, preventing any infrastructure downtime.

CERTIFICATIONS

- CCNA Enterprise — Corvit Systems (2025)
- Odoo ERP Training (2024)
- Microsoft Azure Fundamentals (AZ-900) — In Progress
- ITIL 4 Foundation — In Progress

EDUCATION

BSc (Hons) Information Technology

2024 – 2025

Middlesex University Dubai — Merit (2:1)

Advanced Diploma, Software Engineering

2020 – 2023

Aptech Qatar — Distinction
